A World of Discovery

The story of how these tours started is a bit of a legend.

In the 1920s, wandering archeologist and artist Henry Moore found himself in ancient Peru. Captivated by the mysteries and allure of the region, he began to explore the land and its people. He was drawn to the local customs and traditions, and he was determined to share this knowledge with the world.

Moore’s passion for exploration and discovery was contagious, and he soon found himself surrounded by a group of like-minded individuals who were also eager to explore the world. Together, they formed a group called “The Explorers Club,” which quickly grew in popularity.

The Explorers Club began to organize regular expeditions and tours, taking eager travelers to the far corners of the world. Their goal was to provide a unique and authentic experience, allowing participants to immerse themselves in the cultures and environments they were exploring.

As the club’s popularity grew, so did its impact. The Explorers Club became known for its innovative approach to travel, offering tours that were not only educational but also fun and engaging. Participants were encouraged to be active and involved, to immerse themselves in the local culture and to be open to new experiences.

Today, The Explorers Club continues to inspire adventure and discovery. Their mission is to share the world’s treasures with the world, by creating a convivial, welcoming atmosphere that allows you to immerse yourself comfortably in your surroundings. With the help of expert guides and lecturers, who call this area home, your multilingual Travel Director will eliminate logistical worries, leaving you free to appreciate the splendor of the world.
